VICEROY
LOS CABOS

AN ARCHITECTURALLY PROVOCATIVE DESTINATION BUILT BY THE HANDS OF LOCAL ARTISANS

LOCATION

Located on the outer rim of Baja California Sur, San Jose del Cabo's allure is boundless and is felt everywhere from its majestic coral reefs to its historic colonial streets. In the middle of it all emerges the stunning Viceroy Los Cabos. More than a beachfront resort, it's a canvas of architectural achievement. Find it just 10 minutes from San Jose del Cabo International Airport and 5 minutes from downtown San Jose, with easy access by taxi or complimentary bicycle. On the cobblestone streets of this storied city, you'll explore new horizons on art walks, shopping in artisanal boutiques and more.

ARCHITECTURE & ENVIRONMENT

Designed by Miguel Angel Aragones, the unparalleled design celebrates water as the most precious natural resource. Wraparound water leads from the sea into the heart of the resort, and the artfully designed buildings resemble boxes floating on water. The innovating environment is designed with wellness in mind, as is our food and beverage program. Fruits, salads, and meats are organic and sourced locally. Even little details, like straws made from avocado pits, are both stylish and mindful.

ROOMS

Each space is designed as an artful balance of nature and modernity, with rays of sunlight spilling through. The look is minimal and stylish. Design accents, furniture and interiors harmonize with the architectural simplicity. Villas feature interior living spaces that open onto outdoor terraces shaded by overhanging ceilings and adjustable awnings. Enhancing the experience: luxurious linens and sweeping azure views.
